About

SKELETON GLASS

Skeleton Glass is dedicated to bringing your glass concepts to life, whether it be a specialised task or a simple product installation.

Our everyday aim is to ensure that everything that we do is done by focusing on innovation, durability, and thoughtful design, this is enhanced by using world-class technology and processes from the very beginning.

Our family-owned business originated in 2010 as there was a need for the glazing industry to step up its game. Since then, Skeleton Glass is now

at the forefront of the glazing industry and offers an extensive range of products custom-made for both residential and commercial projects.

Skeleton Glass is driven by a purpose of enriching lives as well as interiors. Guided by values of quality, trust, passion, and responsibility, our vision is to be the first choice by being a comprehensive supplier for any project needs and are dedicated to creating glass solutions of exemplary quality.

Frameless & Framed Fixed Shower Panels

Frameless & Framed Bath Panels

With many shower screen framing options, frame colours, glass hardware and configurations - you can create the perfect glass enclosure for your bathroom. Over the next few pages, you will find more information about each shower screen choice to help you make a decision. If you need help, feel free to reach out to our experienced team to book in a free measure & quote where they will come out and help choose the best option to suit your bathroom needs.

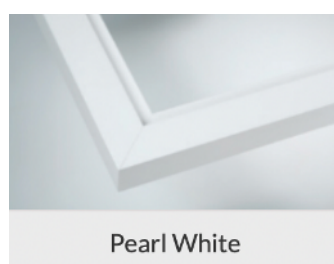

FRAMED SHOWER SCREENS

Our framed shower screens are built to be sturdy and for the budget-conscious. Manufactured at our Molendinar factory, we can custom make to adapt to numerous applications and configurations. A fully framed shower screen is made using only the most robust construction that guarantees years of trouble-free service, which is perfectly suited for rental and holiday properties. Doors available in pivot or sliding door system. The aluminium framing is available in a range of colours to perfectly suit your bathroom style.

COLOUR & IMAGE DISCLAIMER

The information provided in this catalogue and on the website is for general information purposes and use only. Every endeavour is made to keep the product information complete and correct. Despite every effort to provide accurate images of each product's colour and design, actual colours and design may vary slightly, due to different device screen settings, the lighting in the installation location, slight differences in product finishes over time and other factors.

Skeleton Glass will not accept responsibility for any colour or design differences that are not factory faults. In purchasing from Skeleton Glass, you agree to accept the small risk that there will be a slight variation between the actual colour and design, and the representation on our website. In addition, please be aware that colours and textured finishes often vary between manufacturers. Also specific products can be subject to availability.

The customer is responsible in obtaining a physical sample and for ensuring the colour & product is correct and suitable for their specific requirements before they place an order.

MIRRORS

ABOUT THIS PRODUCT

If you are looking to increase light, create the illusion of space or just simply love mirrors, we can help! Here at Skeleton Glass we specialise in supplying and installing mirrors in polished, beveled and framed. All made in our Molendinar factory, we can custom make mirrors in many different shapes and sizes.

We have made and installed thousands of mirrors in bathrooms to walk in robes to hairdressing salons. We also have done mirrors in kitchens, laundry rooms, gyms to boat sheds and even behind barbecues in outdoor entertainment areas. Silver, bronze or grey mirror, the choice is yours.

MIRROR OPTIONS

Custom Made Shaped Mirrors

MIRROR EDGE CREEP DISCLAIMER

There is no warranty on mirror edge creep, however Skeleton Glass upon installation will use every preventative precaution including ensuring the edges are dry when installed and mirror edges are properly sealed with professional grade neutral cure silicone or no gaps that are made to help deter moisture, abrasive cleaners, salt air and humidity forming behind the mirror. We strongly encourage all our customers (DIY & Wholesale) who we supply to, to properly seal all edges with the correct product as it is the best preventative measure against edge creep. It is also important to note that using any acidic silicones will react with the mirror and cause edge creep so it is important to use the correct product when sealing.

If you require any assistance on installation or correctly sealing your mirrors or product help, please contact our office.

FRAMED MIRRORS

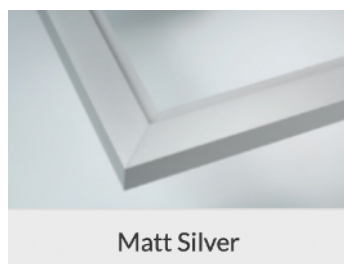

We make all our framed mirrors in our factory in Molendinar to your custom size. Framed mirrors are made to be strong and built to last.

With a range of frame colours, can choose to suit new or existing bathroom fittings.

Using either white glass on float (green tinge) or super white glass, our framed mirrors can also be custom made to be office whiteboards.

SPLASHBACKS

ABOUT THIS PRODUCT

Whether you are after a modern, traditional or abstract look - glass splashbacks are the answer.

Splashbacks can be used for many applications including but not limited to shower walls, kitchens, bars, pantries and even ceilings.

Why Splashbacks? They are more hygienic than tiles and alot easier to maintain and clean. Pick from any paint colour, a printed image or mirrored. Making your space truly unique.

SPLASHBACK OPTIONS

Painted Glass Splashbacks

Mirrored Glass Splashbacks

Printed Glass Splashbacks

All our splashbacks are expertly measured, custom made to order and specifically cut ensuring a sleek integration with all wall services, whether it be powerpoint cut outs to tapware in the wall. Installed by our experienced Skeleton Glass team, your splashback is then delivered to site and secured in place with minimal fuss and time.

PAINTED GLASS SPLASHBACK

A coloured glass splashback is the most versatile option to either match or contrast with your existing kitchen appliances, hardware and personal style. Metallic splashbacks also available.

By using a colour from either the Dulux colour range or Resene colour range - the colour possibilities are endless. Need help colour matching? We can help.

MIRRORED GLASS SPLASHBACK

A coloured glass splashback is the most versatile option to either match or contrast with your existing kitchen appliances, hardware and personal style.

By using a colour from either the Dulux colour range or Resene colour range - the colour possibilities are endless. Need help colour matching? We can help.

PRINTED GLASS SPLASHBACK

After a highly functional, easy to maintain but standout splashback solution? Then a printed splashback is the perfect option!

Thanks to technology, we have the ability to print any pattern or high resolution image onto the back of toughened heat-resistant glass.

Hire a photographer, work with a designer, use your own digital photos or choose from vast online libraries - the choice is yours.

INFORMATION

INFORMATION

ENDUROSHIELD

Here at Skeleton Glass we recommend Enduroshield to be applied to glass products that are constantly in contact with water - such as our shower screens and splashbacks that are used in wet areas.

Enduroshield is a treatment that repels water and offers superior protection against the corrosive effects of soap scum, dirt, grime, lime scale, salt, chemicals, and hard water. Reduce your cleaning time up to 90%. A regular wipe over with a microfiber cloth is all it takes, no more scrubbing.

We can apply Enduroshield professionally before installation (additional cost applies), giving you a 10 year Enduroshield performance warranty to new glass only.

<https://www.enduroshield.com.au>

CATALOGUE DISCLAIMER

The products described in this catalogue are those made available from January 2023. Skeleton Glass will aim to maintain stock for all products listed in this catalogue until January 2024, however stock levels are subject to change without notice and depiction of a product in this catalogue is not a guarantee that a product is in stock. Skeleton Glass receives the right to discontinue a range, model, colour or finish of a given product at any time. Images in this catalogue are for illustration purposes only and may not be to scale. We endeavour to ensure that all finishes are displayed accurately, but you should be aware that finishes and colours may appear different from the true finish and colour in print or on different displays and screens.
